The pH meetings will be in A2 conference room. Not everyone will be able to attend, so it should be big enough. However, I do have backup plans.

Coffee and sodas will be ordered. You mentioned you will need plenty of flip charts. Do you need anything else?

Jo

Jo:

You don't need to do anything unless Peter asks.
I have asked Peter to work on NO filters - so the meeting is a brainstorming session on potential techniques.

Cathy
P.S. Where are the pH meetings for Thurs morn and Fri. aft scheduled?
Let's get coffee and soft drinks for those.

conference room. This was a tentative time. Peter has confirmed it and has reserved the conference room. He said he would notify the others. (Do I need to do anything? I wasn't sure who called this meeting).

Jo

Subject: MESSAGE FROM SEEMAN
To: Ellis, Cathy

2057069630C

Jeff Seeman called today at 5 PM with the following message for you:

He is attending an ACS meeting in Washington. While there he visited the C&E News office and learned that a "MAJOR" (don't really know how major) article on Nicotine will be published in the Nov. 28 issue of C&E News. PM R&D may have an opportunity to provide input. Hazel can reach Jeff in Washington tomorrow if you need to speak to him.

Gloria
